Cure for Piles.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts effected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address, The Dr. Bosanko Medicine Co , Piqua, O. Sold by Owen & Moore.

and Vegetables!

This evaporator has the advantage of all others in the fact that the drying process is done solely by steam, and there is no possification the fact that the drying process is done solely by steam, and there is no possification the fact that the drying process is done solely by steam, and there is no possification the fact that the drying process is done solely by steam, and there is no possification the fact that the drying process is done solely by steam, and there is no possification to these into attendant the fact that the drying process is done solely by steam, and there is no possification to the same arcting the analysis of a rectangular shape and about one-shalf fuch in thickness. The fruit is placed in trays on top of these vos sels. From 4 to 8 bushels per day can be dried, according to the size of the evaporator. It is a very simple machine and selis at very simple machine the fruit is placed in trays on top of these versels. From 4 to 8 bushels per day can be dried, according to the size of the evaporator.
